Re: Statement of satisfaction

To Whom It May Concern:

At the end of 2006 Freelift embarked upon a process to strengthen their strategy and make appropriate choices for their products, their markets and their sales channels. To support that process Gerard Otten was requested to analyse together with marketing, sales and R&D production management options and present results for decision making.

During a very brief and intense preparation together with Freelift staff, Gerard presented clear options for decision making. Choices were made and subsequently executed leading to a successful development of Freelift nationally and internationally.

In our dealings with Mr. Otten we have experienced him as a professional businessperson handling with great integrity at the same time allowing Freelift groups to work together stimulate Freelift management to make necessary choices.

Yours truly,

A handwritten signature in blue ink, appearing to read 'Jeroen Meier', with a long horizontal flourish extending to the right.

Jeroen Meier

Managing Director Freelift
